Senior Front End Developer

Kharkiv, Ukraine

SUMMARY

Highly motivated and professional Front End Developer with over 4 years of experience delivering high-quality development. Passionate about programming and enthusiastic about life, I have a proven track record of creating efficient and scalable web applications. Skilled in developing full-stack applications, enhancing performance, and implementing micro front-end architectures. I thrive in collaborative environments where I can contribute to discussions on new tasks and business growth, and I am committed to finding the best solutions for specific challenges.
