PROFILE

I'm a software developer with 4+ years of web development. I'm proficient in JavaScript, Vue 2, and have worked with Vue 3, Node.js, Express,js, Tailwind CSS, TypeScript etc. I have been working with Vue 2 over 3 years. My goal is delivering the best possible user experience, performance, and intuitiveness in the products I develop.

WORK EXPERIENCE

FixIQ Pro   2021.09– 2024.07 (2y 11m)

- Develop new features, maintain codebase, perform code reviews, increase perfomance though refactor
- Part of a team creating a micro front end using Solid.js.
- Mentor junior developers
- Make intergations with Checkbox, Quickbooks, Sendpulse
- Technologies: Vue 2, Vuex, Vue Router, Solid.js

Medstar Solutions   2021.06 - 2021.09 (4m)
